PROFESSIONAL SUMMARY

Results-driven Senior Software Engineer with over 4 years of experience specializing in Java, Spring Boot, REST APIs, and microservices architecture. Passionate about building highly scalable, low-latency applications within collaborative Agile environments. Demonstrated expertise in full-lifecycle development, from structural design to CI/CD automation, ensuring extensible and highly available solutions that meet critical SLAs. Adept at tackling complex, ambiguous problems and delivering real-time, customer-centric technical solutions.

TECHNICAL SKILLS

Languages: Java (8-21), C++, C, JavaScript, Python3, SQL

Frameworks & Architecture: Spring Boot, RESTful APIs, Microservices, React JS, Struts, J2EE

Cloud, DevOps & Tools: Jenkins, Git, AWS (EC2, CloudWatch), Tomcat 9, Weblogic-14, Docker (Familiar)

Databases: PostgreSQL, MySQL, Oracle

Core Competencies: Multi-threaded & Asynchronous Programming, High Availability, Agile Methodologies, CI/CD, JSON, Object-Oriented Programming (OOP), Data Structures & Algorithms, Systems Design

EXPERIENCE

Nielsen Media India Private Limited

Senior Software Engineer

Jan 2025 – Present

India

- Spearheaded the migration of legacy applications from Java 8 to Java 21, leveraging modern Spring Boot standards to significantly improve system performance, scalability, and efficiency.
- Architected Low-Level Designs (LLD) and developed Near Real-Time (NRT) asynchronous processing capabilities, transitioning downstream systems to low-latency data flows.
- Engineered proactive system observability by deploying AWS CloudWatch alarms and custom alerting tools, directly improving data consistency and maintaining high-availability SLAs for external/internal users.
- Debugged complex system components and remediated core code defects, resulting in a more reliable and resilient customer experience.
- Fostered a collaborative Agile environment, guiding technical execution and participating in rigorous pull request reviews to ensure the delivery of high-quality, scalable code.

Conneqtion Consultancy

Software Developer

Apr 2023 – Jan 2025

India

- Designed and developed robust RESTful APIs and Spring Boot microservices to streamline Inventory, Availability, and SAVR services, optimizing supply-demand workflows.
- Re-architected legacy monolithic codebases into highly scalable microservices, adhering strictly to automated CI/CD and production deployment workflows.
- Engineered critical business logic including safety stock, inventory locks, and eligibility rules, facilitating automated and accurate item availability tracking.
- Optimized backend RDBMS data storage procedures, effectively reducing latency and achieving a 10% increase in processing speed.
- Integrated automated third-party Payment APIs into an enterprise self-service application, streamlining business trip and expense reimbursements securely.

Immersive Infotech (Montran India)*Software Developer**Sep 2022 – Dec 2023**India*

- Engineered and maintained the PFMS system for Kotak Mahindra Bank using Java and Struts frameworks, resolving complex change requests and system modifications within strict SLAs.
- Collaborated in a cross-functional team to design secure software solutions and implement reliable backend updates.
- Adhered to modern development methodologies, ensuring high-quality and repeatable testing standards.

IPREP Learning Solutions*Software Developer Intern**Aug 2021 – Jun 2022**India*

- Contributed to the design and implementation of an automated framework capable of dynamically generating unique mathematical queries and solutions.
- Built automated scripts and implemented data tagging mechanisms, enhancing internal productivity and data classification workflows.

EDUCATION**Government Engineering College***Bachelor of Technology in Computer Science and Engineering (CGPA: 7.0)**Ujjain, Madhya Pradesh**Jun 2018 – Mar 2022***Govt. School for Excellence***Higher Secondary School, PCM (78%)**Ujjain, Madhya Pradesh**Mar 2017 – May 2018***CERTIFICATIONS**

- Certified in Java (Basic/Advanced Problem Solving) – HackerRank
- Certified in React (Basic) – HackerRank
